

Updated, March 14th

COVID:

The conference will follow COVID protocols established by the University of Arizona.

University of Arizona President Robbins announced in a campus-wide email on March 14th the following: “We anticipate masks will be **recommended, but not necessary**, in indoor spaces, including classrooms, for Tucson and other Pima County locations as of **next Monday, March 21.**”

Masks will continue to be available at the registration table.

We will continue to monitor COVID and update this document with the latest information for the El Dia event on March 22, 2022.

For the most up-to-date information on COVID-19 at the University of Arizona, check the dedicated COVID-19 website: <https://covid19.arizona.edu/>

-
- Vaccine: <https://hr.arizona.edu/content/employee-covid-19-vaccine-requirement>

Due to an injunction issued by a federal court, the Safer Federal Workforce Task Force is not currently enforcing the federal contractor vaccine requirement. At this time, and consistent with Task Force guidance, the University will similarly not enforce the federal contractor vaccine requirement. We continue to strongly encourage employees to get vaccinated and verify their vaccination status.

Updated Jan. 5th – 2:45pm

Safety:

- Planners and Department of Hydrology & Atmospheric Sciences leadership are working to ensure the safety of the event. Contact us with any questions / concerns: clcastro@arizona.edu, ermasan@arizona.edu, and/or has.student.symposium@gmail.com
